Investment Strategy

Rigsave Global Equity Value class I is a UCITS sub fund incorporated in Luxembourg. The investment objective of this sub-fund is long term capital appreciation through exposure to the equity financial markets. In order to achieve its investment objective, the assets of the sub-fund will be invested in a diversified portfolio of listed equity securities issued primarily by, but not limited exclusively to Europe, Swiss and US entities with high level of liquidity deriving from the analysis of the fundamentals in an average time frame of 5 years. The geographical exposure is focused for at least the 50% on developed countries.

Manager's Comments

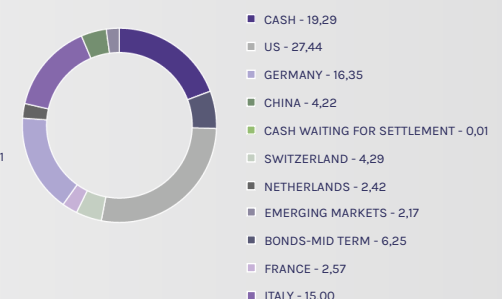

July 2022 has seen very important changes on the financial markets:

- US CPI above 9% for the first time in decade.
- A rise in interest rates from FED of 75bps.
- Hike of 50bps of the refinancing rate by the ECB.
- The yield of the treasuries is stable between 2.80% and 3%.
- Strong performance of the USD vs. EUR (with USD touching the par level with EUR for the first time since 2002).
- Under this situation, RGEV performed strongly, with a monthly performance of +8.50%.
